

INTERIOR DESIGN STUDIO, INDORE

# Spaces designed with *intent*, delivered with precision

Shreeark Design Studios shapes homes, offices and commercial spaces through considered planning, honest materials and photoreal 3D visualization. Every project begins on paper and ends in a space that feels inevitable.

Sheet 01

# The Studio

Shreeark Design Studios is a full service design practice working across residential and commercial architecture. The studio carries each project from the first measured drawing to the final styled corner, so the idea approved on screen is the space handed over on site.

The portfolio that follows is presented the way the studio works: planning first, interiors next, elevations after, every image drawn from real client commissions across Indore, Ujjain and Nagda.

**PRACTICE**

Interior design and architecture

**STUDIO**102, Saraswati Plaza, Ratna Lok Colony,  
Scheme No. 53, Indore**SERVING**

Indore, Ujjain and Nagda

**DELIVERABLES**Drawings, 3D views, walkthroughs,  
execution

Sheet 02

# Services

**I****Interior Design**

Complete interiors for homes and workplaces: space planning, furniture, ceilings, lighting, materials and styling, resolved as one coherent scheme.

**II****Architecture Planning**

Measured floor plans, furniture layouts and working drawings that make every square foot accountable before construction begins.

**III****Exterior Design**

Front elevations and facade design for residences and commercial buildings, composed in material, light and proportion.

**IV****3D Visualization and Walkthrough**

Photoreal renders and animated walkthroughs that let clients inhabit the design and approve every detail before a single wall is built.

## Sheet 03 Living Spaces

The rooms where a home gathers. Each scheme balances warmth and restraint so the space serves everyday life as gracefully as it hosts.

Double height living room with a sculpted staircase backdrop

Sheet 03 · Living Spaces, continued

Family lounge with a cane and stone television wall

02

Formal living room with a carved jali screen and floor seating

03

Sheet 03 · Living Spaces, continued

Classic lounge in walnut, brass and warm cove light

## Sheet 04 Bedrooms

Quiet material palettes, layered light and storage that disappears into the architecture.

Master bedroom in walnut veneer and bookmatched marble

Sheet 04 · Bedrooms, continued

Bedroom with an integrated study and television unit

Sheet 04 · Bedrooms, continued

Bedroom media wall with a sculpted line of light

Sheet 04 · Bedrooms, continued

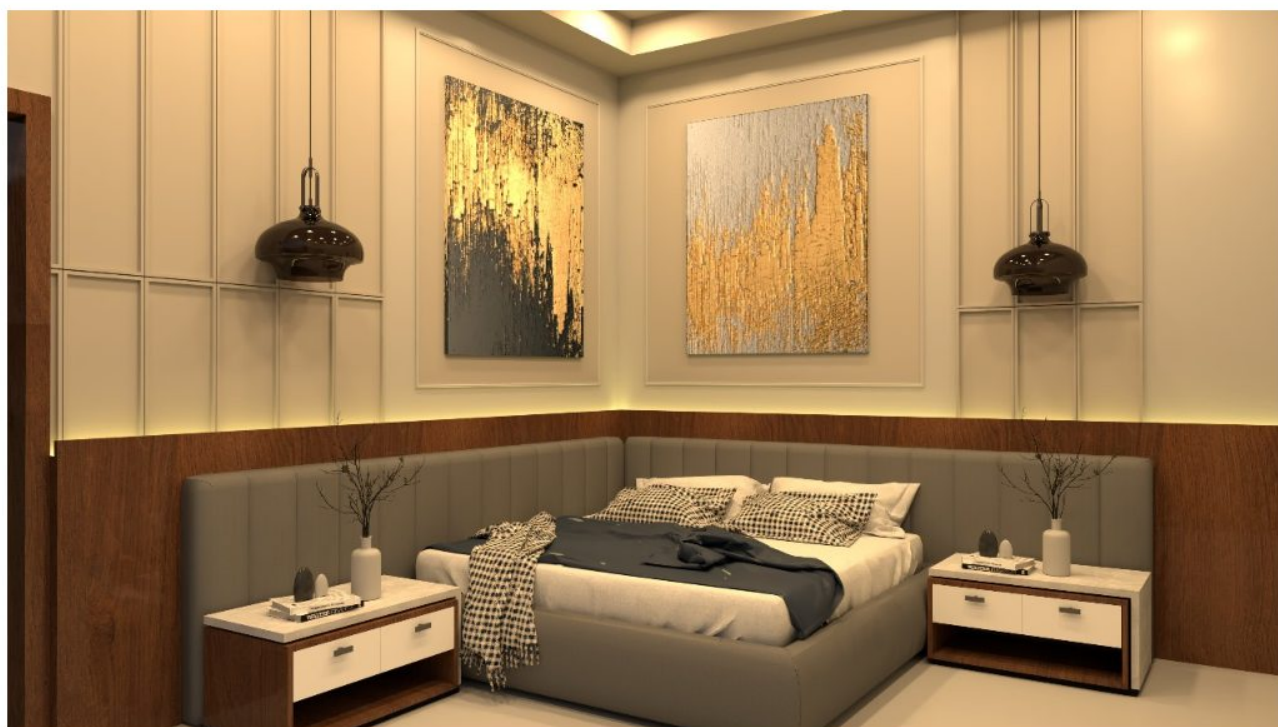

Master bedroom with a marble spine and library shelving

Sheet 04 · Bedrooms, continued

Serene bedroom in ivory with a flowing accent light

Sheet 04 · Bedrooms, continued

Guest bedroom in soft neutrals with brass accents

Sheet 04 · Bedrooms, continued

Dressing corner with arched jali storage

## Sheet 05 Kitchen

Modular kitchens planned around the work triangle and finished in materials that endure daily use.

Modular kitchen in light oak and stone white

Sheet 06

# Home Theater

A private cinema treated acoustically and lit for atmosphere, from tiered recliners to a star field ceiling.

Private home theater with tiered recliner seating

Sheet 06 · Home Theater, continued

Home theater, acoustic wall and star field ceiling

Sheet 06 · Home Theater, continued

Home theater, view across the front lounge row

Sheet 07

## Office Interiors

Workplaces that carry a firm's identity: director cabins, conference rooms, receptions and breakout zones designed as one continuous language.

Director cabin in classic white paneling and bookmatched stone

Sheet 07 · Office Interiors, continued

Director cabin, working view

Sheet 07 · Office Interiors, continued

Executive cabin with a sculptural feature wall

Sheet 07 · Office Interiors, continued

Executive suite seen through the glass partition

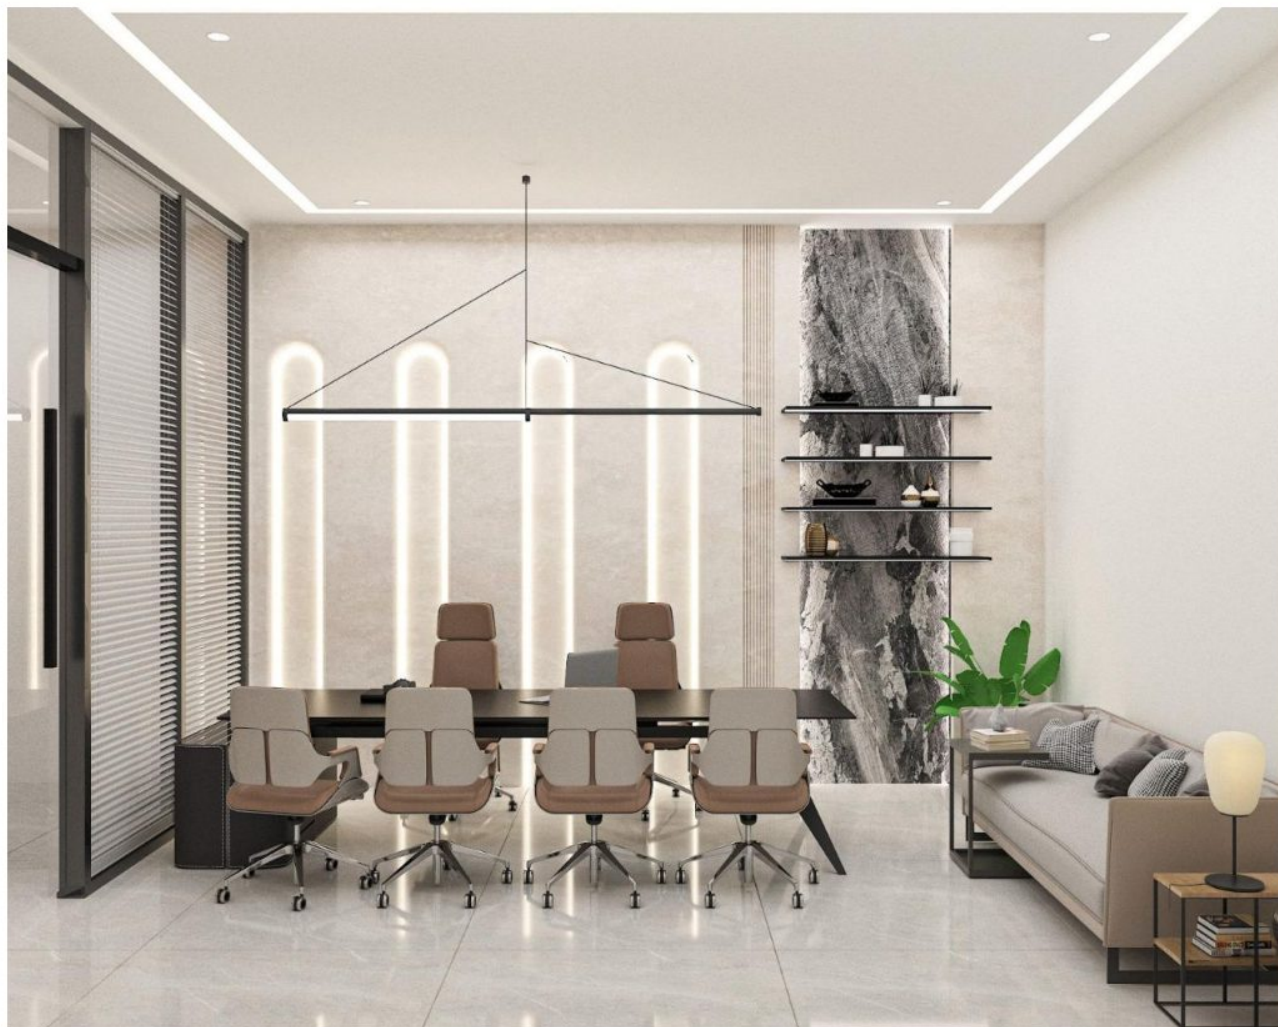

Sheet 07 · Office Interiors, continued

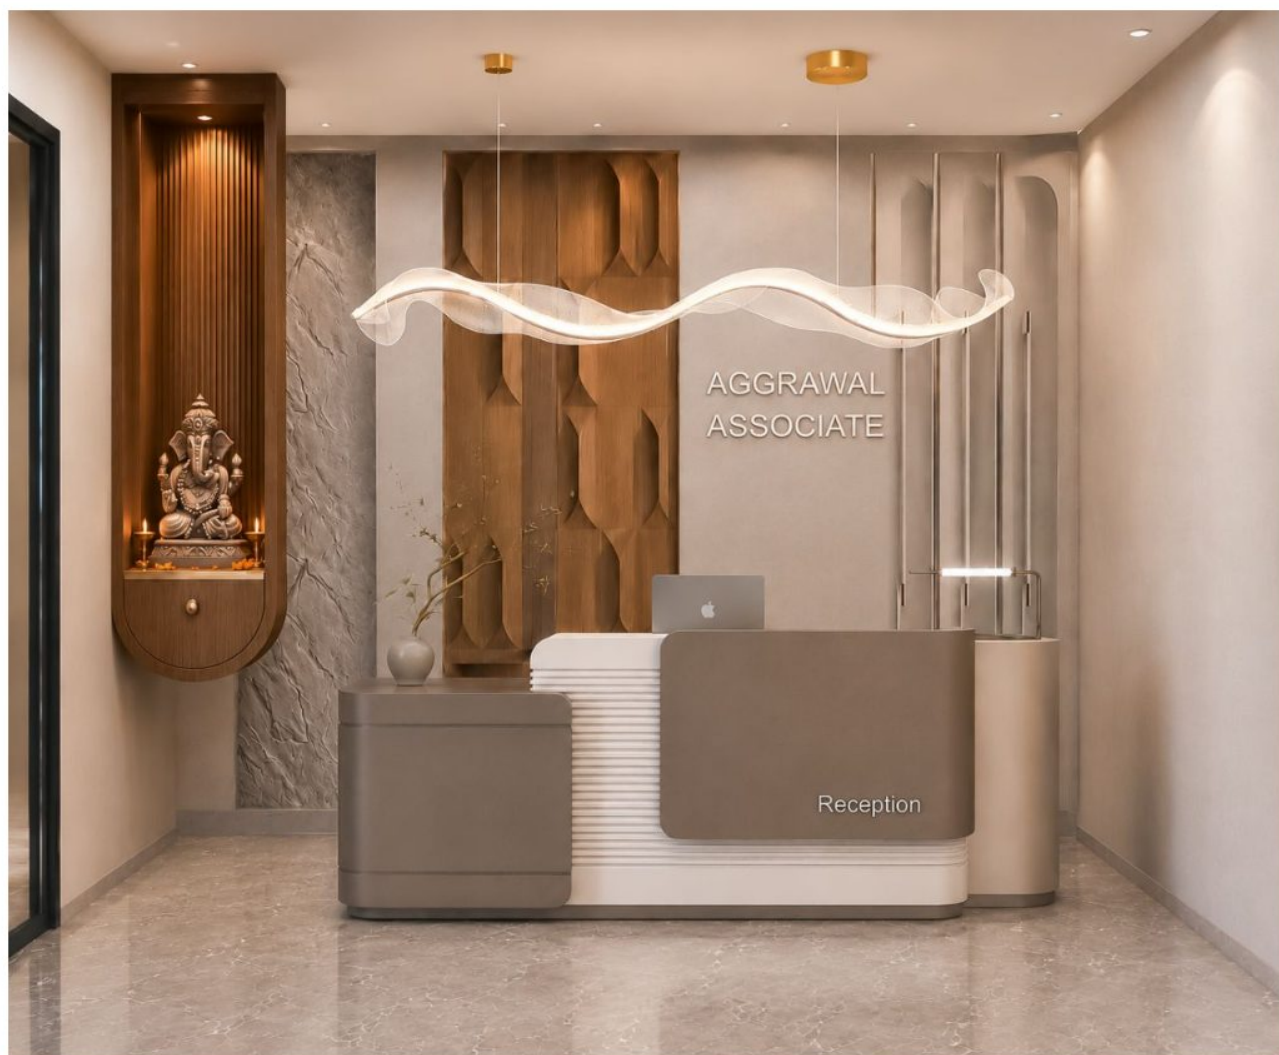

Conference room in white marble and fluted light niches

## Sheet 07 · Office Interiors, continued

Conference room with informal seating, second view

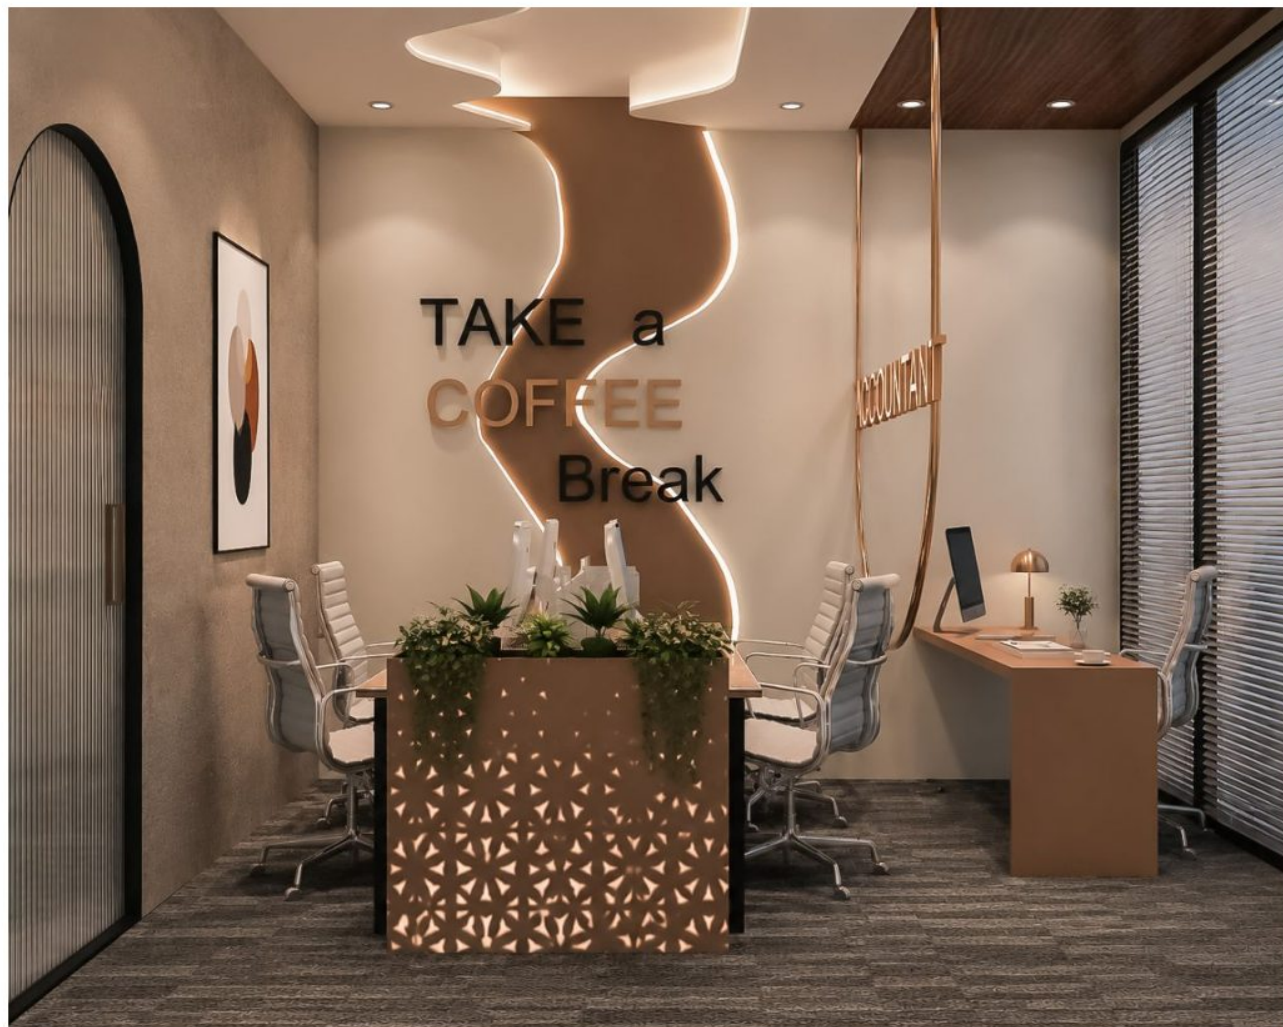

Sheet 07 · Office Interiors, continued

Aggrawal Associate, reception in marble and fluted walnut

Sheet 07 · Office Interiors, continued

Team breakout zone with a signature coffee wall

Sheet 07 · Office Interiors, continued

Studio breakout wall with curated art

Sheet 08

# Commercial Interiors

Retail and experience spaces composed to hold attention and move visitors through the brand.

Experience lounge in a deep metallic palette

Sheet 08 · Commercial Interiors, continued

Showroom interior with arched bays and layered cove light

Sheet 09

# Ceiling Design

The fifth wall, studied on its own: cove light, sculpted gypsum and proportion overhead.

Ceiling study in quiet ivory with recessed cove light

Sheet 09 · Ceiling Design, continued

Sculpted ceiling design with concentric detail

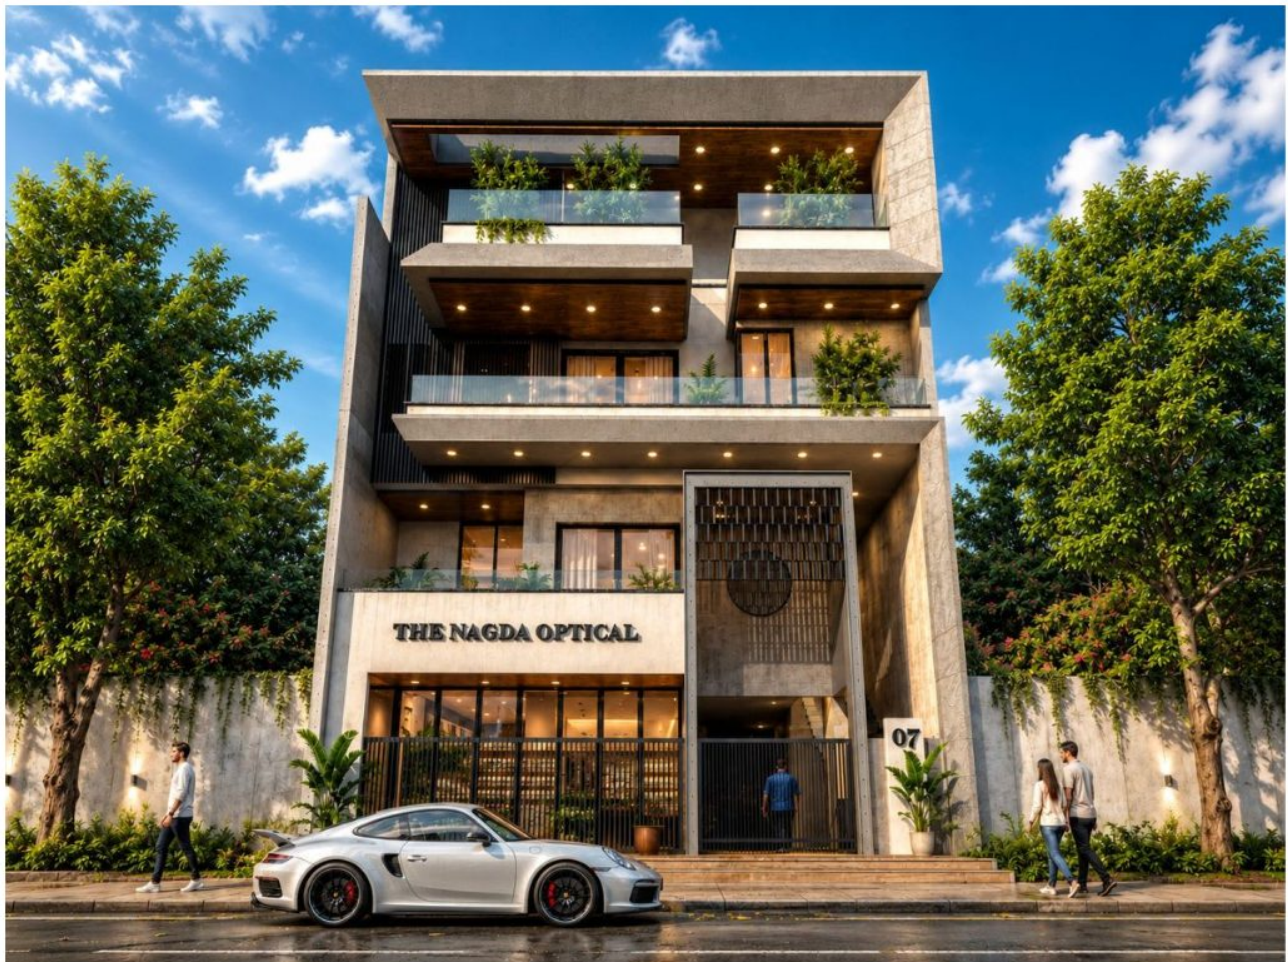

Sheet 10

# Exterior Design and Elevation

Facades for residences and commercial buildings, from classical arches to contemporary floating planes, each rendered in true light.

The Nagda Optical, commercial elevation

Sheet 10 · Exterior Design and Elevation, continued

Jaiswal Stores, retail elevation

Sheet 10 · Exterior Design and Elevation, continued

## How We Work

### 01 Consult

We visit the site, measure it and listen to how you intend to live or work in it.

### 02 Plan

Floor plans and furniture layouts resolve circulation, storage and vastu before design begins.

### 03 Visualize

Photoreal 3D views and walkthroughs let you approve every material and detail in advance.

### 04 Execute

Working drawings and site supervision deliver the approved design, finished and styled.
